

Superchargers

Increase the performance of your car in a few hours with the legendary Jackson Racing Supercharger system. Each application is specifically engineered for that vehicle. All systems are complete and ready for installation right out of the box. The JR Supercharger offers significant increases in horsepower and torque over the entire RPM range in a safe and emissions legal package. Add the best warranty available and you have a performance package that can't be beat!

Jackson Racing Supercharger Details

- On average the JR Supercharger delivers a 40% increase in horsepower and 30% increase in torque.
- Emissions legal in 50 states.
- 2 Year - 100,000 Mile Warranty.
- Utilizes the Eaton roots style supercharger as used by Ford, Pontiac, Buick, Mercedes, and Jaguar.
- Systems incorporate a unique bypass system that allows the supercharger to freewheel in light throttle or cruise situations. The result is excellent fuel economy and reduced engine load.
- Completely bolt on installation, no cutting, drilling or welding required. Average installation time 8-10 hours.
- Thorough and complete instructions that include plenty of diagrams, illustrations, and pictures.
- Toll free phone number for tech support.
- All parts are OEM quality. The JR Focus Supercharger is sold by Ford Racing.
- All superchargers include properly engineered fuel management systems.
- Boost upgrades available for racing applications.
- Complete line of electronics specifically designed for the JR Supercharger to further enhance performance.
